### Description

Introducing the Marlon Xplore II Snowmobile Sled Deck - the ultimate PRO model deck for your snowmobile. This deck features full aluminum decking and a formed headache rack that is perfect for accommodating digital rear view mirrors. The deck also has six rows of superglides for added traction and durability.

One of the standout features of the Marlon Xplore II Snowmobile Sled Deck is its patent pending full width LED light bar, which includes signals, brake, and white reverse light integration. The deck is also powdercoated black on the sides and headache rack, giving it a sleek and modern look.

Additionally, the Marlon Xplore II Snowmobile Sled Deck features custom side extrusion and plastic end caps, as well as LED bullet lights in the headache rack and under the deck for cargo and loading. The deck also has LED marker lights for added visibility.

For added convenience, the Marlon Xplore II Snowmobile Sled Deck comes with a 10ft telescoping ramp that is pre-mounted with superglides for extra traction and durability. The deck also has UHMW plastic on all moving parts for easy sliding, and retractable sides that can be adjusted from 75" retracted to 102" extended.

The Marlon Xplore II Snowmobile Sled Deck also includes integrated bump stops for the side pullouts, as well as a hardware kit for bolting down the deck. Upgrade your snowmobile experience with the Marlon Xplore II Snowmobile Sled Deck - the ultimate PRO model deck.
